Gary,

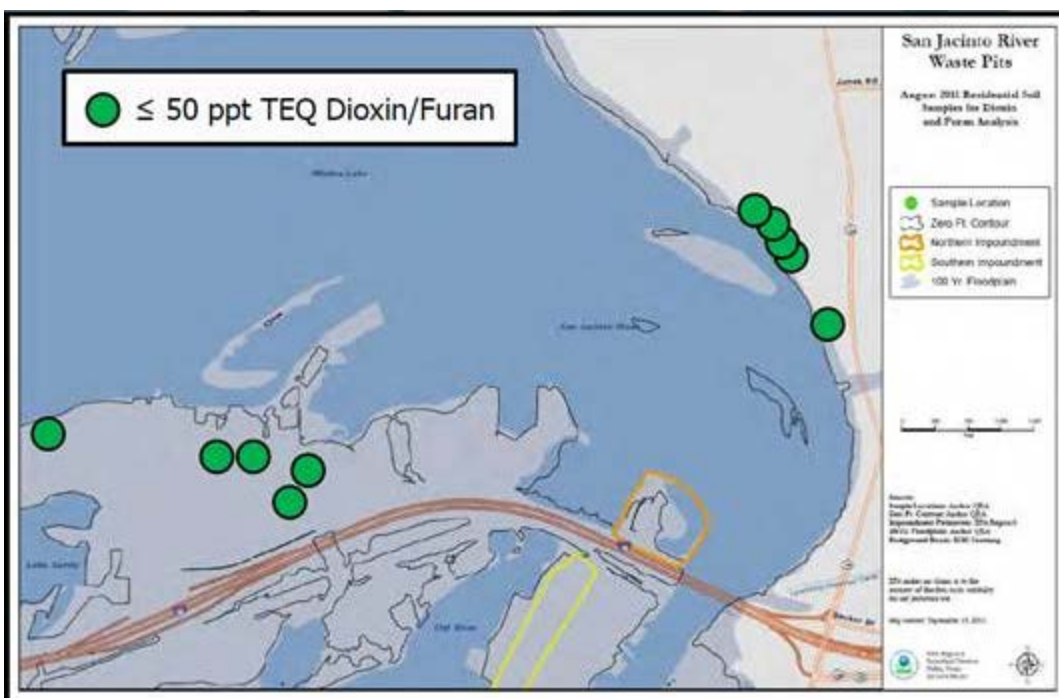

Thank you very much! I greatly appreciate it. I combined all files and created a single file. I noticed that there are some difference between the pdf file you provided for the Open House and the files you sent today. Do Power Point slides supersede. For example, Slide 23 in Power Point is:

In the pdf file, it is:

9672273

There is no contradiction, but the Power Point slide has more information. Thanks again.

Good morning Gary,

May I use some of these slides for a short presentation on this site during our Section meeting? If so, could you pl. e-mail me the Power Point file? I understand that it is too large to be sent in a single e-mail; you may please send it in parts. Thanks a lot in advance!

Regards,

Satya

Satya,

Here is the entire long version; the presentation part for the open house meeting will be the first 13 slides only. I have the rest for backup to answer any questions on other site issues. I may also add some additional slides, but this is what I have now.

Erika-
thanks for the prompt response. Satya will need to send the request through EPA, who then sends us a request. We only set up accounts through that path.

Satya, please contact Gary Miller with your request. miller.gary@epa.gov

Thanks,

Jennifer

Satya,

I do not have any users registered under your name or email address, so it appears that you were not setup with an account. I can certainly create one for you once I get approval from our project manager though.

Jennifer,

Do you want Satya to be setup with a new wiki account for the SJRWP project? Please advise.

Thanks!
